

In response to a nominee query, the AFT-ACC Executive Committee defined the requirements to qualify for office as follows:

All active or current AFT members in good standing qualify to run for office with the Caucus. This means, if a retiree, who is active in their locals or retiree chapters, can run for a Caucus position. It also means that any adjunct/contingent faculty member who is an AFT member in good standing, and who usually teaches for one of their campuses, but may not teach or receive a class assignment for any given semester, can still run for a Caucus position.
